

Egedal

Transplanter type JT and JT Proff

Description of product:

For transplanting of Christmas Trees, reforestation, windbreak planting and similar cultures.
Many-sided transplanter, also for planting in uncultivated soil.
Robust roller and planting share.
Wide range of equipment.
Standard three-point hitch.

JT Proff as the JT, however this is equipped with a luxury seat, which is adjustable for the height and forward and backward. Furthermore the seat can be mounted in 6 different positions, which makes the optimal working position for the operator.

Extra equipment:

- All weather cab
- Furrow marker with harrow tines
- Furrow marker with roller shares
- Plantmatic, electronic distance marker
